Choose Your Own Reading Adventure Map

1. Design and color in your map – is it an island? A space station? Or something else?
2. Forge your path across, filling in the boxes with book titles and/or covers that you read as you go.
3. Get a prize from the children’s librarian when you’re done! Paths of 15+ squares get an extra special prize.

You can do this more than once and do it together with the online reading log too!
